## Williams Weekly

### *One Big Beautiful Bill Act Passed the House*

House Republicans [delivered on the people's mandate](#) and passed the *One Big Beautiful Bill Act* to make President Trump's tax cuts permanent, deliver a historic investment in border security, unleash American energy, restore common sense in government, secure generational savings, and strengthen national defense. The Golden Age is here. This is a historic win for the American people.

### Hosted a Small Business Showcase

As Chairman of the House Committee on Small Business, I serve as the voice for Main Street. This week, I hosted a [Small Business Showcase](#), where over 25 small business owners from across the country had the opportunity to visit our nation's Capitol to highlight the work they do to boost their communities and the American economy. Watch my remarks [here](#).

## Fighting for Conservative Values

I will always stand strong in the fight to [defend conservative values](#). I am proud to receive CPAC's [Award for Conservative Excellence](#). Watch my video clip [here](#).

## Glen Rose Memorial Day Ceremony

I was honored to speak at the Glen Rose Field of Flags Memorial Day ceremony. Throughout American history, those in uniform have stepped up to protect and defend the American people and uphold the values that make our country the greatest in the history of the world. May we never take for granted the freedom and liberties our heroes fought so valiantly to preserve.

In God we trust,

Roger Williams

Member of Congress
